

Estonian Motif

I copied this from an Estonian Mitten. You can see the mittens at <http://www.ravelry.com/projects/Muhv/kihnu-mittens>. Muhv has graciously permitted me to copy her combination of traditional stitch patterns for the cuff she added to her mittens. Use the 44 x 24 stitch vertical repeat between the green lines as an all-over pattern or the entire chart as a mitten back. The 44 stitch horizontal repeat ends at the pink line on the right.
